Hawk migration data collected in Texas. 36 (5) 872.
Heron accidentals in Hawaii. 36 (2) 222.
Hooded gulls discovered nesting in Quebec. 36 (6) 957.
House Finch continues expansion westward. 36 (6) 984.
Hybrid warbler observed in Massachusetts. 36 (5) 830.
Imm. Sabine's Gull visits coastal Florida. 36 (2) 170.
Increased seabird mortality in California. 36 (2) 214.
Introduction of breeding American Coot and hybrid forms in West Indies. 36 (5) 897.
Irruption of kinglet species in c. California. 36 (2) 215.
Jabiru observed in Texas. 36 (2) 195.
Least Flycatchers expand range into e. Oregon. 36 (6) 999.
Loggerhead Shrike continues drastic decrease along s. Atlantic coast. 36 (6) 967.
Long-toed Stint documented in Oregon. 36 (2) 210.
Midwest prairie states report unusually large spring migration of longspurs. 36 (5) 860.
Migrant Blue-winged Teal breed in Hawaii. 36 (6) 1018.
Peregrine Falcon egg-smugglers apprehended in Canada. 36 (6) 957.
Po'o Uli and other endemic species observed in Hawaiian forest. 36 (5) 897.
Possible extirpation of Greater Prairie Chicken in Michigan. 36 (5) 855.

SOUTH AMERICAN LAND BIRDS

A Photographic Aid to Identification

John S. Dunning

A vast amount of information is now available in this one volume:

- **2,740 species described**
- **1,112 color photographs illustrating 1,061 species (females and immature birds shown for some species)**
- **All birds photographed have descriptions conveniently placed on facing pages**
- **Individual species accounts**

SPONSORED BY THE WORLD WILDLIFE FUND—U.S.
(10% of the publisher's sales receipts will be donated to this organization to help their work in tropical conservation).

380pp.; 6"x9"; 1,112 color photographs; Library of Congress No. 82-9351;
Hardcover edition—$37.50 (ISBN 0-915180-21-9)
Paperback edition—$27.50 (ISBN 0-915180-22-7)

Index of Boldfaced Birds

The following is an index of those observations appearing in the four seasonal issues (March, May, September, November) considered sufficiently noteworthy by the editors to be printed in boldface type. Items corrected by Corrigenda, whether originally boldface or not, are also indexed, and followed by the letter (C).

ALASKAN BIRDING

One of Alaska's only lodges where you join a year-round resident family. Sincere, informal hospitality in a cradle of spectacular sea and mountain panoramas. Gateway to the Kenai Fiords, this roadless area with McKinley and the Probloffs is the place in Alaska for birders, naturalists, photographers and wilderness enthusiasts. The worlds 2nd largest tides, prolific sea bird and marine productivity set this area apart from all others. Smoking volcanoes, blue ice glaciers, nesting eagles, sea otter, seal and sea lion, whales. Untracked beaches, forest trails, help pull crab pots, catch salmon, trout, visit our remote brown bear photographic camp near McNeil River Sanctuary (world's largest concentration) or mountain lake fly-in camp. An in-depth experience with Mike McBride Reg. Guide, Naturalist. Bush plane fly-in 5 days with guide $1500.
